

# B-Series Girdles

## Size Chart & Measuring Instructions

This size chart is intended for use with the following styles: B85, B165, B853, B1653, B855, B1655, BA85, BA853, BA855, B850TCP.

**Your Design Veronique® B-Series garment size is based upon your waist, lower hip, and upper Bicep measurements.** Keep in mind that compression garments are designed for a snug fit. Optimal compression and support require accurate measurements. To accommodate for dressings or excessive swelling, you may prefer a larger size.

### MEASURING INSTRUCTIONS:

To ensure a proper fit, please have someone else take your measurements and avoid wearing bulky clothes. Your feet should be hip width apart and your arms relaxed at your sides. We recommend using a cloth measuring tape. Hold the tape level and firmly, but do not allow it to “dig” into your skin or clothing.

**Waist:** Measure around the narrowest part of the waistline around or above the navel.

**Hip:** Measure around the fullest part of the lower hips, keep tape measure parallel to the floor.

**Upper Bicep:** You will need assistance to take this measurement. With arms relaxed at your sides, measure the fullest part of the upper arm, at or above the Bicep.

### *Measuring and fit tips...*

- Measure twice for accuracy.
- Remove shoes.
- When between sizes; choose the larger size.
- Under bust measurement not relevant for girdles.
- Bicep applies to styles with arms only.
