

Breast Wear

Size Chart & Measuring Instructions

This size chart is intended for use with the following breast wear styles: 450, 452, 454, 454-1, 455-V, 455-VN, 457Z, 457, 458, 458U, 456, 465, 4510.

MEASURING INSTRUCTIONS:

Under Bust Measurement: Before surgery, measure around the chest, directly beneath the breasts using the diagram on the right as a guide. This is your under bust measurement.

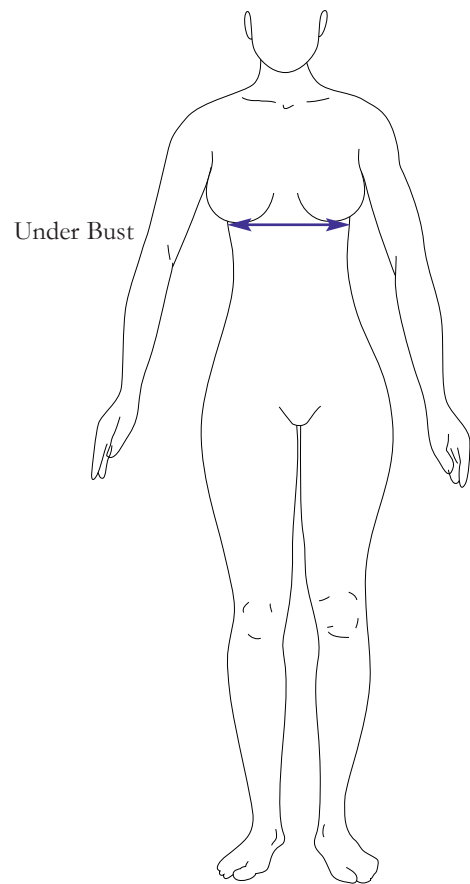

Sizing Example: An under bust measurement of 31" is a size M.

Cup Size: Design Veronique® bras are uniquely designed to fit your breast size after surgery. No cup size measurement is required. All Design Veronique bras are based on your under bust measurement.

Measuring and fit tips...

- To ensure a proper fit, please have someone else take your measurements while wearing a bra.
- Your feet should be 2-3" apart and your arms relaxed at your sides.
- Use a cloth measuring tape & measure twice for accuracy.
- Hold the tape level and firm, but do not allow it to "dig" into your skin.
- When between sizes, choose the larger size.
