***Under Bust:** For Bras with Sleeves (B943), the under bust measurement is used in place of the bust measurement.

Measuring and fit tips...

- To ensure a proper fit, please have someone else take your measurements while wearing a bra.
- Your feet should be 5-8 cm apart and your arms relaxed at your sides.
- Use a cloth measuring tape & measure twice for accuracy.
- Hold the tape level and firm, but do not allow it to “dig” into your skin or clothing.
- When between sizes, choose the larger size.
